

Jiahao Fang

Zhejiang, China —86 15869111397 — jiahaof3@illinois.edu —*Homepage*

OBJECTIVE

To apply for the master program in Computer Science or Electrical and Computer Engineering starting from **Fall 2024**.

EDUCATION

University of Illinois Urbana-Champaign

Major in *Electrical Engineering*, Minor in *Computer Science*,
GPA 3.89/4.00

Illinois, USA

August 2020 - May 2024 (Expected)

- CS 411 Database Systems (A)
- CS 498 Cloud Computing Applications (A)
- ECE 397 Individual Study in ECE (A)
- ECE 329 Fields and Waves I (A+)
- ECE 342 Electronic Circuits (A)

Zhejiang University

Major in *Electrical Engineering and Automation*,
GPA 3.90/4.00

Zhejiang, China

September 2020 - June 2024 (Expected)

RESEARCH EXPERIENCE

The Application of Machine Learning to Database Query

Undergraduate Research Assistant in Computer Science Department

May 2023 - Present

Supervised by **Professor Daniel Kang**

Contribution to Conference Publication in The Data and Information Systems Laboratory (DAIS), University of Illinois Urbana-Champaign

- Implemented and reproduced functioning code of specify approximate selection with guarantees (SUPG) to prepare for Approximate Selection with Guarantees using Proxies in *GitHub*
- Generated experiment datasets, modify codes, and did experiments about query optimization for Applied AI for Database Systems and Applications (**AIDB**)

Self-study for Machine Learning and Computational Imaging

ECE 397, Individual Study in ECE Problems

January - May 2023

Supervised by **Professor Jane Zhao**

Independent Study Course about image processing, University of Illinois Urbana-Champaign

- Developed object detection Machine Learning models in different types of unstructured datasets, such as images, audios, and videos
- Summaried advantages of various Machine Learning algorithms based on math proof in *Course Report*

CONFERENCE PUBLICATION

Akash Mittal, Chenghao Mo, **Jiahao Fang**, Chengsong Zhang, Tengjun Jin, **Daniel Kang***.

AIDB: a Sparsely Materialized Database for Queries using Machine Learning. submitted to ACM SIGMOD/PODS International Conference on Management of Data, Santiago, Chile, June 9-15, 2024.

COURSE PROJECT

CS 411 Database Course Project, University of Illinois Urbana-Champaign

Fall 2022

- Established a complete website on PC or a local network from the front end through back to the server and the database with *project sample link*
- Achieved login, search, and post functions on our website

HONORS AND AWARDS

The Third Prize of Zhejiang University Academic Excellence

September 2020 - June 2021

Meritorious Winner (Top 7 percent)

January 2021

The Mathematical Contest in Modeling in Problem B (discrete problem)

COMPUTER SKILLS

Basic Languages: Python, C++
Database: MySQL, MongoDB, Neo4j (SQL and NoSQL)
Web Design: Nodejs, Postman, React (JavaScript library)
